

# The Wavy Lines theme

Try it with the `[arctic]` option!

Stian Lybech

The background of the slide features a series of thin, light blue lines that flow and curve across the frame, creating a sense of motion and depth. These lines are more densely packed in some areas, forming a soft, ethereal wave pattern that frames the central text.

# Introduction

# About the theme

## Introduction

- ▶ The theme is a cleanup, simplification and prettyfication of the Erebus theme
- ▶ It has an [arctic] option to turn on dark-mode
- ▶ The theme generates a special *section* separator slide, when you call section.
- ▶ And it also automatically sets the title of the current section as subtitle of every slide, unless you specify a subtitle.

The background of the slide features a series of thin, light blue lines that flow and curve across the frame, creating a sense of motion and depth. These lines are more densely packed in some areas, forming a soft, wavy pattern that frames the central text.
